

Frame for 3 elements with circular central openings white Simon 32

REF. 32630-31

BASIC INFORMATION

DESCRIPTION

Finished in white, this frame is designed to fit 3 elements has openings centers circular and corresponds to the series Simon 32. The product has been made in Bakelite, a type of plastic synthetic thermostable. With dimensions of 80x250 mm and, due to its exceptional qualities, it can be installed both vertically and horizontally. It is necessary to use the control unit square opening insert for the mechanisms with square rockers. In relation to its cleaning, it is sufficient to use a soft cloth and slightly moistened in water with soap. Also, it is recommended to avoid abrasive cleaners containing chlorine. The series Simon 32 collection is probably the most of the brand, proposing simple mechanisms minimalist and for easy handling. And it is that simple, it is exactly what you need a home. Therefore, it consists of basic parts that comply perfectly its purpose within the installation.
