

Frame with intermediate piece incorporated for 1 element without claws and with centre frame white Simon 27

REF. 27603-35

BASIC INFORMATION

DESCRIPTION

Frame with built-in intermediate piece for 1 element without claws and with frame-holder. It is finished in white colour and belongs to the Simon 27 series. Square-shaped with dimensions of 85 x 85 mm, it is made of thermoset material with metal frame-holder. It is recommended to combine with white covers and rockers of colour. It has capacity for 1 element and, in terms of installation, this piece is suitable both for surface or flush mounting. How to clean this frame correctly? Is very simple: Use a soft cloth and slightly moistened in water with soap, avoiding the use of abrasive products containing chlorine. The Simon 27 collection stands out for efficiently combining a design of neutral lines, which matches modern, simple and functional environments, with a note of colour. All the mechanisms of this series support the appearance of Simon 27 Play, Simon 27, formal dynamism, simplicity and functionality.
