

German socket outlet semi-surface mount 16A 250V~ with screw terminal connection system

REF. 75462-39

BASIC INFORMATION

DESCRIPTION

Socket-outlet semi- surface-mounted Schuko 16A and 250V~ with screw-terminal connection. It is a fully compatible mechanism with the Simon 75, Simon 82 and Simon 88. It is easy to install in a universal box with screw-terminal connection. It also includes Schuko ground connection to facilitate the compatibility with homes and more space for the current wire electrical. Of course, the socket of the socket already includes child protection to avoid any problem that may be caused to children, you have to run a combination to open it so the security is very high. The installation of the socket outlet is suitable for flush mounting and for any installable surface. In addition, it complies with the current regulation. Its manufacture with metal components with insulation gives it a resistance that makes the product capable of withstanding temperatures between 5 and 40°C at full performance.
