

Frame for 4 half elements (2 elements) with centre frame for American box white Simon 27

REF. 27614-62

BASIC INFORMATION

DESCRIPTION

The Simon 27 series has a classic design, simple and functional. The colours white and ivory of its frames contrast with the colours of the parts pieces. We can find parts pieces for boxes americanas in more than half a dozen colors, these details that Simon offers bring you that touch of colour that serve to decorate any room. This is a frame for American box of the Simon 27 series, made for 4 half elements (2 elements). The thermoplastic is the material chosen for its manufacture, because it offers great resistance to the knocks and to the most adverse weather conditions. As with all the products of the brand Simon the quality and durability are ensured. The dimensions are 146x85 millimetres and has a care finished in ivory colour. It is suitable for flush mounting and allows us to its installation both vertically and horizontally.
