

German monoblock socket outlet 16A 250V~ with safety device and screw terminal connection system white Simon 75

REF. 75452-60

BASIC INFORMATION

DESCRIPTION

This two-pole socket-outlet Simon Schuko monobloc belongs to the sockets category and is compatible with the Simon 75 collection, is white in colour and is made of socket of metal components with thermoplastic trims offering halogen-free insulation. It has a square shape and measures 80 x 80 mm. They can be installed both on the surface-mounted and through flush-mounted. It has a device for security. For this product, the operating temperature is 5 to 40° C and the storage temperature is -25 to 50° C. The process of connecting the electrical conductors to the systems used for this purpose by the various electrical devices is called terminal connection. In this case, the system is screw. For proper cleaning, it is recommended to use a dry, soft cloth and avoid abrasive products containing chlorine.
