Back kit for 2 elements with 1 Schuko socket outlet and 1 two-way push-button switch Simon 100

REF. **10010203-039**

BASIC INFORMATION

DESCRIPTION

It is a back kit designed for 2 elements that has a type (Schuko socket outlet 16 A) and a push button (2-way switch 10 AX). It is a product suitable for flush mounting, which is included in the Simon 100 series, a collection that presents a revolutionary concept in terms of usability and appearance. The back kit allows a click terminal connection (1 click). This is highly innovative, fast and, above all, secure. It is not necessary to strip wires and only takes a few seconds to perfectly install the mechanism. Although it is characterised by a high thermal resistance, this back kit should ideally be located in spaces with a temperature of between -5 and 40ºC. The Simon 100 series has been designed to make it easier for people to interact with it. It is one of the brand's simplest and most intuitive series.

COMPATIBILITY

Front Kit Simon 100

ETIM CLASS

EC002846
