## BASIC INFORMATION

### DESCRIPTION

Simon updates its range of multimedia connectors for the K45 and S400 series. This time, we present the new USB Type-C 3.0 patch cord, featuring a female-to-female format for direct, hassle-free connections—saving installation time. It offers transfer speeds of up to 5 Gbps, improved power management for more efficient charging, and full-duplex capability for simultaneous data transmission and reception. These features make it ideal for heavy data transfers such as multimedia files or powering high-demand devices when using an external power source.
