

Trim plate for MCB or RCCB for 2 elements white Simon 500 Cima

REF. 50000074-030

BASIC INFORMATION

DESCRIPTION

Embellecedora miniature circuit breaker or residual current circuit breaker plate for 2 elements in white colour, Simon 500 Cima series. Its cleaning is simple, as you will only have to use a dry and soft cloth and never use or abrasive cleaners or cloths that contain chlorine in its formula. The Simon 500 Cima series allows you to 50% faster installation as it has a new click terminal connection. Just insert, tighten and the mechanism as is ready, without the need to strip the wire. Also, this Simon 500 Cima series presents a new centre frame system for independent installation of the electrical circuit and voice and data, as well as offers the possibility to perform an installation without the need for tools. This series of Simon 500 Cima, as it is the best solution for ensuring high speed data transmission, as well as an optimal abuchear of curvature and more space for the cabling, thanks to its new plates with Category 6A.
