Single rocker for switches white Simon 75

REF. **75010-30**

BASIC INFORMATION

DESCRIPTION

The Simon 75 Series features an individual rocker for control mechanisms, this one, in particular, is white in colour, although it is available in 6 finishes. The article comes in packs of one unit and is suitable for surface and flush mounting. It is made of thermoset plastic in compliance with the current regulation. The quality of its materials guarantees a high resistance of the rocker to extreme temperatures, although the manufacturer recommends installing it in environments with a temperature of between 5 and 40º for an optimal conservation. The rocker does not include engraving. Proper cleaning is essential to which the life of the part lasts over time. Therefore, it is advisable to use a soft cloth slightly moistened in soapy water for maintenance, choose a frame of the same colour as the rocker and you can get a better effect for your home.

FINISH

White

MATERIAL

Thermostable

PACKAGING CONTENTS

Single rocker and fastening bracket

SYMBOL

Without engravings
