

Individual key for electronic push button switch matt white Simon 100

REF. 10000110-230

BASIC INFORMATION

DESCRIPTION

Simon presents this individual key for electronic pressure switch, white finish. This touch belongs to the Simon 100 series, revolutionary in homes, workplaces and other spaces. Why? Because it allows maximum interactivity and full sensitivity to control lights, shades and more. All the mechanics are super convenient to use, you don't even have to look at them.

With a beautiful white quartz effect design and the best properties. This product is made of PMMA with a thermoplastic plug, guaranteeing maximum safety in the installations and, therefore, in the spaces where they are installed. It can also withstand extreme temperatures, from -25 to 75 °C, with a recommended range of 0 to 40 °C.

Get the individual key for electronic push button switch in white here, with number 10000110-130 is available in our online catalog.
