Frame for 3 elements white Simon 82

REF. **82630-30**

BASIC INFORMATION

DESCRIPTION

The white frame for 3 elements of the Simon 82 series features a simple finish with subtle and elegant lines. Also, the features of this frame are the features of the series: Its sophisticated finishes and quality materials, and the white indoor, ideal for combining with rockers and covers of the same colour. Due to its aesthetic features, this frame has been specially designed to combine easily with any decorative style, being a subtle and stylish element that does not attract too much attention. Both the baseboard and the frame are made of a thermostable material with high performance and quality. Suitable to be recessed in walls and to be installed on surfaces, this frame for 3 elements is ideal for rooms where several electronic elements be coordinated from one place. This frame is very practical and useful, while being perfect to harmonize with any decoration.
