Features

- **Wide Angle Pan Tilt Camera Easy to Operate:** The wireless camera is a Mini PT camera with small size and light weight. But it can monitor your object very widely: 0-320°pan moving and 0-90°tilt moving are combined with amazing clarity, monitoring in real time with wide angles and clear pictures. And you can operate it with your smart phone ENERJSMART very Easily.
- **Two-way Audio:** This wireless security camera built-in speaker and microphone ensure clear and smooth conversations. Whether whisper to your baby before sleeping, express wishes to your parents or call your pet when it's naughty. But also, the outside Wifi cameras can be used as a visual doorbell allows you to communicate with welcomed guests, and deterrent alarm can get rid of unwanted guests.
- **No Monthly Fees, Insert SD Card Never Miss a Moment:** Full plastic housing camera remotely access this wifi security camera feed and recordings to enjoy peace of mind anytime from anywhere with up to 128GB Micro Card. Waterproof micro SD slot allows for free local recording. It supports micro SD card up to 128GB if needed and the oldest videos will be overwriting automatically when the storage is full.
- **High quality pictures & video:** Home audio surveillance camera, 2304P live videos, 2304*1296P picture quality. Better image capture by High-quality optics, auto white balance, and exposure. Sharp and contrast-rich night vision, IR auto switch.
