

RACK-A-TIER

[The one tool that does it all!]

“ I can make up all sorts of configurations for different size reels and it even doubles up as a workbench for cutting conduit. ”

Roger Bisby
Surrey

Rack-A-Tier **SRRT**

The Rack-A-Tier cable dispenser is the one tool that does it all! It's no surprise that hundreds of electricians wouldn't be without it.

This genius invention is most commonly used for dispensing cable from spools of various sizes, however as you can see, this innovative product has many other uses as well.
