

## Prem-I-Air Tubular Heater Grill

These White Prem-I-Air Grills are designed to be used when mounting the Prem-I-Air Tubular Heaters. Made from a robust, pressed steel these are easy to install and are fixed with 4 pre-drilled holes on the outer edges. They are designed to protect against direct contact with the Prem-I-Air Tubular Heaters and we recommend using these whenever installing them. The grills are open ended so they are easy to fix over the tubular heaters but can also be used to protect other items such as heating pipes and low/floor level lighting.

Product Code: EH1720

### Features:
