## PORTABLE AIR COOLER WITH MISTING

### Like a Cold Splash... Without the Splash.

Feel the rush of instant relief as the ultra-fine cool mist touches your skin—like a splash of mountain air on a scorching day. The second the mist meets your body, heat evaporates, leaving behind a silky, ice-kissed chill that clings to you. No waiting, no heavy dampness—just pure, breathable cold that turns blistering moments into oasis-like escapes.

### DESIGNED FOR EASE AND EFFICIENCY

Designed for maximum efficiency, this compressor-free system cools naturally and economically—keeping energy costs low while providing an instant cooling sensation on your skin. A smarter way to beat the heat while you work in your home office, or while watching movies on your sofa!

Product Dimensions (W x D x H):  
235 x 265 x 970 mm  
Net Weight: 3.7kg

#### ULTRASONIC MISTING TECHNOLOGY

Water molecules are dispersed to cool the air through evaporative cooling

#### 45° OSCILLATION

Air Distance: 3.5m

#### ACTIVATED CARBON DUST FILTER

Traps Dust Before It Lands

## MORE FEATURES

#### ENERGY EFFICIENT COOLING

Consumes only 40W\*

#### GENTLE, COLD AIRFLOW

Airflow: 180 m<sup>3</sup>/h (106 CFM)\*

#### SET IT & FORGET IT

24 hour energy saving timer

#### WATER CAPACITY

0.15 L\*\*

#### WIND MODES

Normal, Natural or Sleep

#### REDUCE TEMPERATURE

by Water Evaporation

#### INDOOR COOLING AREA

Spot Cools up to 6m<sup>2</sup> (65 ft<sup>2</sup>)\*

#### FAST AIR DISTRIBUTION

12 Fan Speeds

#### CONVENIENT DIGITAL CONTROL

Feather-Touch Control Panel and Full Function Remote Control

\* All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.  
\*\* Water Capacity is the total volume of water that can be contained within the air cooler water tank and water distribution system.
