50L Commercial Dehumidifier with 5L Tank Capacity

This new light commercial steel cased dehumidifier, with 50 litre extraction, encompasses a removable plastic drain bucket and uses 407c refrigerant gas. The 50 L Dehumidifier is ideal for the flood and restoration market, as well as use in garages, workshops, and light commercial markets. Supplied in a dark grey finish, it is ideal for rental fleets and end users alike.

Features:

- Removes up to 50 L of moisture per day
- Suitable for rooms from 30-50 sqm
- Fitted with castors and handle for easy moving
