Product Description

BFHE features a seven-day timer with electronic thermostat making it a perfect extension to Dimplex panel and storage heaters. This heater fits into the plinth space under cabinets in rooms with wall space restrictions

Key Features

- User programmable room temperatures with seven-day timer
- Accurate electronic thermostat
- Features energy-saving Adaptive Start technology
- Same size and fixings as older Dimplex BFH heaters
- Forward facing grille with fan-assisted output for optimum heat circulation
- Choice of different coloured grille to blend in with kick space
- Complies with Lot 20 of ERP Directive

Dimensions
