

305

Durable grip safety glove with latex coated palm and knuckles

Reinforced 3/4 latex coating protects the hand and provides excellent mechanical resistance. The ergonomic design provides a level of much needed comfort during the intense manual handling that this glove is designed for.

Features

- ▲ A flexible, soft glove that absorbs perspiration, for ultra-comfortable extended wear
- ▲ Enhanced protection to the knuckles and back of hand
- ▲ Rough finish to the latex provides tactile feel and better grip
- ▲ Ergonomic fit
- ▲ Seamless liner prevents irritation
- ▲ Designed for easy movement and continuous wear

Certifications
