CUT PROTECTION

HEAT PROTECTION

234X

Uncoated cut-resistant glove engineered with HPPE-reinforced spandex

Showa 234X gloves offer excellent protection in high-risk environments with a Level D cut resistance rating per EN 388:2016. Their 15 gauge seamless knit spandex liner, reinforced with HPPE, enhances strength and durability against cuts and abrasions.

Features

- Lightweight, 15 gauge seamless knit spandex liner with HPPE
- Light contact heat protection up to 100°C
- Food handling approved
- Lightweight, supple liner with breathable open back design
- Cooling and breathable HPPE properties reduce perspiration and keep hands dry
- Designed for use in high cut risk areas such as food processing & food service industries
- Ambidextrous and launder-able for multiple use, less waste and cost reduction
- Perforated tag can be removed easily without tearing or damaging the glove
