

4100W Wire Mesh Visor

Lightweight metal mesh visor for Skytec helmets

This visor is designed to provide facial protection during activities where flying debris is a potential hazard. The fine metal wire mesh allows for good visibility and ventilation while still covering the entire face and providing more robust protection than nylon or plastic versions. Designed to be compatible with Skytec Radius and Rockman helmets - it makes for a lightweight safety solution.

Features

- ▲ Protects against flying debris
- ▲ Compatible with Skytec helmets and visor carriers
- ▲ Lightweight to minimise fatigue
