Fully breathable and waterproof micro-ventilated polyurethane glove

The unique micro-ventilated waterproof polyurethane coating protects the hand against water and liquids, whilst the innovative inner membrane allows warm air and moisture to escape.

Features

- ▲ Waterproof
- ▲ Breathable membrane fixed between coating and liner
- ▲ Full, breathable micro-ventilated polyurethane coating
- ▲ Micro-roughened nitrile particle finish to fingers and back of hand
- ▲ Level 4 abrasion resistance
- ▲ Flexibility and tactility due to a thin coating and seamless liner
- ▲ Ergonomic design reduces hand fatigue
- ▲ Minimal allergy risks

Certifications

Suitable industries & applications
