

Torq Quantum™ High-Visibility Multi-Hazard Impact Gloves with Insulated, Waterproof Liner

SKG00035D
8(M)-12(3XL)

Description

Engineered for demanding industrial environments, this glove combines superior protection with all-day comfort and dexterity. Featuring a waterproof internal barrier, it keeps hands completely dry while guarding against liquid exposure, cuts, and blunt impact. Despite its multi-layer construction, the glove remains flexible enough to handle small parts with precision. The Teflon-treated synthetic leather palm resists oil and water, enhancing grip and durability in wet or greasy conditions. Ergonomically curved fingers reduce hand fatigue during extended use, while double-stitched DuPont™ Kevlar® fiber thread reinforces high-wear areas for lasting performance. Built with high-visibility materials, this glove also enhances worker signaling and safety in low-light conditions.

Features and Benefits

- Water-repellent blue spandex shell offers a comfortable feel
- Water-repellent thin AireFlex® synthetic leather palm with a cut-resistant Aralene® liner keeps the feel of a mechanic's type glove
- Teflon treated synthetic leather palm resists oil and water
- Soft, flexible, high-visibility TPR impact protection over the fingers and metacarpal bones provides tough protection
- Reinforced thumb crotch increases abrasion resistance in vulnerable area
- Ergonomically curved fingers to reduce hand fatigue
- Waterproof barrier blocks contact from liquids
- Double-stitched with aramid fiber for added durability and cut resistance
- Contact heat protection up to 250°C / 482°F for a short period (15 sec max)
- Pull tab on wrist for easy donning
- Neoprene cuff with pull tab secures gloves and allows for easy donning
- Gusseted spandex opening on the wrist allows the cuff to stretch while donning/doffing yet keeps a secure fit during use
- EN 388:2016 + A1:2018 Levels: 3X43FP
- EN 407:2020: X2XXXX
- EN 511:2006 Levels: 121

Meets ANSI/ISEA 105-2016 standard

- Cut Level A6
- ASTM F2992-15 Results = 3,750 grams
- Abrasion Level 4
- Abrasion Results: 5,610 cycles
- Puncture Level 5
- Puncture Results: 156 Newtons

Meets ANSI/ISEA 138-2019 standard

- Impact Level (Fingers/Thumb): 2
- Impact Level (Knuckles): 2
- Impact Level (Overall): 2
