Reinforced latex grip glove

Reinforced grip glove. Double latex coating in the area of the glove subject to most stress; between thumb and index finger. Ideal for heavy duty manual handling including scaffolding.

Features

- A flexible, soft glove that absorbs perspiration, for ultra comfortable extended wear
- Thumb crotch reinforcement to increase lifetime
- Surface provides tactile feel and better grip
- Designed for easy movement and continuous wear
- No irritation by seams in contact with the skin
- Colouring helps extend wearable life
- Colouring helps extend wearable life
