SKYTEC

FILTERING FACEPIECE RESPIRATORS

AMF-2V

P2 disposable respirator

The Alpha FLOW Series has been designed to improve comfort and performance whilst maintaining a secure fit. Colour coding the range makes identification simple and easy when varying levels of protection may be required.

Features

- Large surface area ensures very low breathing resistance
- New large exhalation valve which reduces heat build-up and improves wearer comfort
- Colour coded alphamesh shell for ease of identification
- Adjustable headstrap allows for a secure and comfortable fit
- Metal-free - suitable for food industry applications
- Preformed nosebridge eliminates the need for regular adjustment
- Compatible with a wide range of safety eyewear
- Soft flexible mesh maintains it's shape and will not collapse during use

Certifications

CAT III

CE 2849

EN 149:2001 + A1:2009

Suitable industries & applications

Industries

- Construction
- Food Production
- Steel and Metals

Applications

- Chemical Handling and Containment
- Metal Fabrication Work
