

# 379

## Advanced chemical protection glove with nitrile foam grip

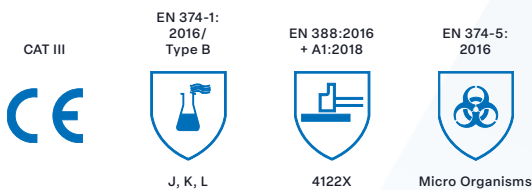

A flexible, robust glove offering great dexterity & a good resistance to abrasion. Fully coated nitrile glove body with a nitrile foam palm providing excellent grip in wet & oily conditions whilst protecting from chemicals. The nitrile foam coating provides the grip & the flat nitrile base provides chemical resistance.

### Features

- Advanced protection from chemicals with grip performance
- A flexible, robust glove offering great dexterity & good resistance to abrasion
- Provides protection from chemicals, oils, hydrocarbons, benzimes, grease & hexavalent chromium found in concrete
- Foamed nitrile finish provides excellent grip performance & prevents slipping
- An ergonomically designed hand mould replicates the natural curvature of the human hand & thus reduces hand fatigue
- Waterproof
