

Basalt R

High abrasion resistance glove, ideal for precise operations

Ideal for precise operations requiring excellent dexterity and for preventing product contamination. A very supple, stretchable and comfortable mechanical glove that adapts to every movement. Protects the hand from oils, grease and abrasion, with effective grip

Features

- ▲ Good abrasion and tear resistance, with a secure grip
- ▲ Comfortable with an anatomical shaped fit, allowing excellent freedom of movement and reduction of hand fatigue
- ▲ Recommended for precise operations requiring maximum dexterity
- ▲ Ideal for detailed assembly, light fabrication and small parts handling

Certifications
