STEP 1 : Fit the Hadleigh radiator wall brackets to the wall so that you know the position the radiator will be in.

STEP 2 : Fit the Hadleigh towel hanger/hangers (you can fit more 1 towel hanger) on the wall. For the towel hanger to fit flush with the edge of the radiator, a 30mm gap will need to be left on the fixing side as shown in the image.

STEP 3 : Slide the Hadleigh radiator behind the towel hanger/hangers, slightly higher than the wall brackets, then bring down to hang the radiator on the brackets.
