FOAM Soy and Ponzu

Suggested Use by Chefs in Kanazawa

Korinbo

Italian

Golosetto

◎Pesce Crude

A dish with a strong and vivid sea scent. A visual treat with FOAM Ponzu.

Hikozo

Innovative Cuisine

PLAT HOME Kanazawa Kitchen

◎Bonito tataki and micro-herbs with FOAM Ponzu

Only foam brings out the full depth of flavor, creating a whole new dining experience with fish and vegetables.

Kata machi

French

TAWARA

◎Yellowtail and marigold salad

Enjoy fatty yellowtail with fragrant herbs and airy FOAM Ponzu.

Kakinoki batake

Innovative Cuisine

Itaru

◎Rice with hairy crab and Kaga lotus root

The mellow foamy soy sauce gently envelops the crab and lotus root.

Higashi Chayagai

French

Curiente awabata

◎Cauliflower mousse and crab jelly

The mousse, gelée and foam come together to create a soft, fragrant taste in your mouth.

Kata machi

French

FIL D'OR

◎Nanao rainbow trout, colinky squash and carrot salad

The richly flavored trout and the fine texture of the FOAM Soy create both sharpness and depth.

Minato

◎Milt with FOAM Ponzu

The fine FOAM Ponzu nicely dresses the milt, making it even creamier.

Hon machi

Sushi

Takamori

◎Grilled blackthroat seaperch and marinated tuna

The FOAM Soy melts gently like light snow, enhancing the seafood's natural flavor with a deeper, more delicate taste.

FOAM Ponzu

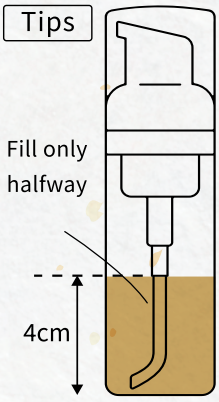

By using the included foam dispenser bottle, you can instantly make long-lasting foam. FOAM Ponzu features the aroma of yuzu that lingers in your nose, whereas FOAM Soy Sauce offers a savory aroma.

This product is mainly intended for use on cold dishes and decorative/flavoring purposes when plating. If used directly on hot dishes or fried foods, the foam may return to liquid.

JAN:4979574004188
Pack Size: 12/200ML

How to fill the FOAM Ponzu Bottle

- Fill the mixture into the included foam dispenser bottle.
- When filling, please observe 50ml limit. 4cm high from the bottom is roughly the right amount.
- If you fill in too much, it may not foam properly.
- If the rubber gasket falls off when filling, return it to its original position before use.
- The foam dispenser is not reusable; once you have used up the 200ml of the FOAM liquid, discard it and use another set.

※Caution

Please take caution not to overfill the dispenser bottle as it will result in not foaming properly.
