Beurre de Tourage 1909 Butter Sheets

10532692 | 10X2.2 LB CASE

This silky and supple butter benefits from an exceptional terroir, which extends from one end of the Cotentin peninsula to the Bessin area. The warm, temperate climate by the sea favours rich pastures in which the grass is full of mineral salts and trace elements. This natural abundance can be found in the milk, which gives a distinctive butter that has a unique perfume, suppleness and colour. This butter is truly a “grand cru” of the dairy world.
