Fresh Ricotta Cheese Cone

D128 | 12 X 3 LB CASE

Calabro Fresh Ricotta Cone is a high-quality and fresh cheese made from the finest cow's milk. It is a classic Italian cheese that is known for its light and fluffy texture, creamy taste, and versatility in the kitchen. The fresh ricotta is made by heating the whey left over from the production of other cheeses, and then adding fresh whole milk to create a curd. The curd is then drained and molded into a cone shape, which makes it easy to slice and serve. Calabro Fresh Ricotta Cone is perfect for a wide range of culinary applications, such as using it as a filling for pastries, as a topping for pizzas and bruschetta, or as an ingredient in pasta dishes. It can also be used in desserts, such as cannolis, tiramisu, and cheesecake.
