Blue Cheese Wheel and Crumbles

This is the blue cheese you've been waiting for. Bold yet restrained, our exclusive recipe is handcrafted in small batches with fresh milk arriving daily from neighboring farms. The result is a beautifully balanced blue available in a whole wheel or crumbled and ready to use. Fresh and lactic to start this bite of blue cheese and it finishes with a smooth, earthy flavor profile. This is the choice for all stages of the meal; A classic wedge dressing, compounded with butter to top an Allen Brothers Steak or accompanied by chocolate to end the meal.
