THE SHOWER TOILET.

PURITY
AT THE TOUCH OF A BUTTON.

WITH THE CURRENT MODELS FOR 2026

DESIGN MEETS FUNCTION

THE **FRESH FEELING**

Water is an essential part of our daily personal hygiene. It offers a gentle yet thorough clean. This is why more and more people are turning to this natural and beneficial form of toilet hygiene, using water instead of paper after using the toilet. A Geberit AquaClean shower toilet conveniently ensures a sense of cleanliness and well-being, leaving users with a clean, assured and confident feeling all day long at the touch of a button.

WHY CHOOSE GEBERIT AQUACLEAN?

ONLY WATER GETS YOU **REALLY CLEAN**

Would you seriously prefer to clean your dirty hands with just paper, or replace your shower with some other, dry form of cleaning? Probably not, right? If you aren't using water, you aren't really getting clean. Just as taking a shower every day is simply a part of life, Geberit also wants to make a lasting change to the whole culture around personal hygiene when going to the toilet. At the touch of a button, AquaClean shower toilets leave you feeling freshly showered every time you use the toilet.

WHAT IS A SHOWER TOILET?
At first glance, modern shower toilets are virtually indistinguishable from the traditional alternatives since the spray arm is found in a well-protected park position. All you have to do to start the shower procedure is simply touch a button and the spray arm emerges from its park position. Within just a few seconds, a pleasant, body-temperature water jet starts to clean you. The patented WhirlSpray shower technology makes for a particularly thorough cleaning experience with minimal water consumption.

Find out more about the benefits of AquaClean:
www.geberit.co.uk/aquaclean-benefits

GEBERIT AQUACLEAN. THE SHOWER TOILET.

PRESS THE BUTTON, **EXPERIENCE THE WHIRLSPRAY FEELING**

As gentle as summer rain and as light as a feather: the refreshing sensation of a shower spray comes from the perfect blend of technology and comfort. Enjoy an unparalleled water experience today.

geberit.co.uk/aquaclean-whirlspray

Moments of pure relaxation and gentle care create a luxurious spa sensation with the unique WhirlSpray shower technology.

Experience the supreme feeling of freshness and cleanliness that lasts all day long.

WATER AND AIR COMBINED
The secret to Geberit's patented WhirlSpray shower technology is the interplay of warm water and pure air. Its delicate, effervescent shower spray creates an incomparably soothing shower experience that also offers a gentle and thorough clean.

The comforting warmth of the shower spray refreshes your senses each and every time. It delivers the perfect temperature from the moment you press the button until the end of the shower experience.

Gentle cleaning made simple: the high-precision water guide of the WhirlSpray cleans exactly where it's needed. The intensity and alignment of the water jet can be customised as required.

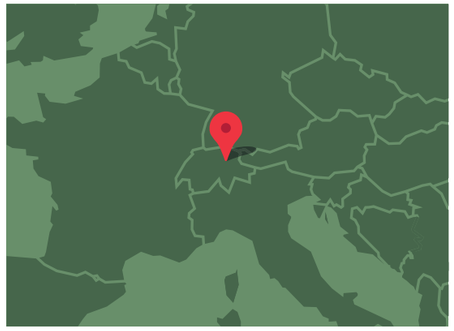
WHY CHOOSE A GEBERIT SHOWER TOILET?

Product designer Christoph Behling.

Installation of shower toilets.



Made in the Swiss town of Rapperswil-Jona, in the heart of Europe.

IMPRESSIVE DESIGN

Innovated by product designer Christoph Behling, Geberit AquaClean shower toilets blend harmoniously into any bathroom. The compact technology of the AquaClean Mera, Sela, Tuma and Alba shower toilets allows for a slimline design that exudes simplicity and elegance.

EXCEPTIONAL QUALITY AND SERVICE

Geberit introduced the first WC with spray functionality back in 1978, and the company has built up quite the portfolio of in-depth expertise over the last 40 years and counting. Anyone who has ever purchased a Geberit shower toilet can attest to the long-lasting enjoyment they offer. What's more, with the help of our outstanding customer service, in-app remote service options, and our own highly trained Geberit sanitary specialists, we ensure top-class product support with your purchase and well beyond.

MOUNTED IN SWITZERLAND

Centrally located at Geberit's Rapperswil-Jona headquarters in Switzerland, over 100 employees are responsible for the highly precise and reliable assembly of all Geberit shower toilets. Our products comply with European standards and benefit from short transport distances thanks to our central assembly site.

LONG-TERM WARRANTY

Offering durable products, premium materials and reliable spare parts, the Geberit brand is synonymous with only the very best quality. Customers also have the option of signing up for an extended warranty to ensure even more product enjoyment for many years to come.

FRESH AND CLEAN **AT THE TOUCH OF A BUTTON**

GENTLE PERSONAL HYGIENE
The additional shower spray of the gentle lady shower ensures safe personal hygiene with pure water. The nozzle integrated in the spray arm remains protected when not in use.

FRESH AIR IN THE BATHROOM AT ALL TIMES
The odour extraction unit serves to eliminate unpleasant odours before they can spread. The system starts automatically as soon as someone sits down on the shower toilet.

GENTLE DRYING
When it comes to gentle drying, the warm air dryer offers the perfect solution with five individually adjustable temperature settings.

PERFECTLY USER-ORIENTED
The built-in proximity sensor allows functions such as water heating, heated seat and the orientation light to start automatically.

PERSONAL WELL-BEING PROGRAMME
All of the shower toilet functions can be controlled in an instant. The remote control offers a quick overview and allows all actions to be taken with one hand. A push of a button is all it takes to call up personal settings.

COMPREHENSIVELY CLEAN
The oscillation function gently moves the spray arm back and forth for even more thorough cleaning.

www.geberit.co.uk/aquaclean-comfort

PRIMARILY TOUCHLESS
The toilet lid opens and closes automatically thanks to the proximity sensor.

PERFECT CLEANLINESS
For the last 40 years, Geberit has been continuously perfecting the spray functionality along with the centrepiece of every shower toilet: the shower spray.

The innovative WhirlSpray shower technology enables particularly thorough and pleasant cleaning thanks to the dynamic aeration.

SUPERIOR COMFORT
The ergonomically optimised WC seat made of high-quality thermoset has integrated seat heating.

SOFT NIGHT TIME ILLUMINATION
A discreet, automatically activated light in seven selectable colours and five brightness levels assists orientation at night.

1 WHIRLSPRAY SHOWER TECHNOLOGY
Relax and enjoy the pleasant spray functionality courtesy of the patented WhirlSpray shower technology. This shower spray is refined by means of dynamic aeration for targeted and thorough cleaning, with low water consumption to leave you feeling fresh and clean all day long.

1

2

2 TURBOFLUSH TECHNOLOGY
Based on a flow-optimised rimless WC ceramic developed by Geberit, the innovative TurboFlush technology enables particularly quiet and thorough flushing. This means you can flush the toilet at any time without annoying noises – even at night. And because the TurboFlush technology flushes the toilet cleaner than a normal flush, the traditional toilet brush is virtually no longer required after using the toilet.

3 ODOUR EXTRACTION UNIT
Who wants unpleasant smells to linger in the bathroom? With the automatic, low-noise odour extraction unit, unwanted odours are absorbed directly inside the WC ceramic appliance and eliminated by means of a ceramic honeycomb filter. What's more, since the system runs for two minutes, no additional fan is required.

3

REMOTE CONTROL / WALL-MOUNTED CONTROL PANEL
All shower toilet functions controlled in an instant, with the remote control and the wireless, freely positionable wall-mounted control panel providing a quick overview. The intuitive operability allows all actions to be taken with one hand using either control. Three user profiles can be stored on the elegant remote control. The wall-mounted control panel is available in white and black.

4 DRYER
Dry, harsh toilet paper does not feel pleasant. Fortunately, this is where the touchless warm air dryer offers the perfect solution for a gentle drying experience. The dryer arm automatically aligns with the most recent position of the spray arm for optimal drying performance. As for the temperature, this can be set at five different levels.

4

5

5 HEATING THE WC SEAT
If you're someone who appreciates a heated car seat in winter, you will love the sensation of a warm shower toilet seat. This heated seat offers a wonderfully cosy and relaxing experience. The individually adjustable heating function is available immediately.

6 ORIENTATION LIGHT
The subtle orientation light is just bright enough to guide the way at night and makes it easier to fall asleep afterwards. Activated by the proximity sensor, it lights up in one of seven selectable shades and five brightness levels.

6

Available free of charge

AQUACLEAN FUNCTIONS IN THE GEBERIT HOME APP
Just like other Geberit products, the shower toilet functions can be conveniently controlled via the Geberit Home app. This effectively transforms your smartphone into a remote control, which allows you to save all of your personal settings and take them with you on your travels.

«My toilet treats me to clean, fresh water every day.»

GEBERIT AQUACLEAN

THE MODELS **AND THEIR ADVANTAGES**

Geberit AquaClean shower toilets are available in a wide range of models and design standards. Discover the perfect model for you.

FOR THE PERFECTIONISTS

The very best of Geberit shower toilets is the AquaClean Mera. It offers all the functionality you could possibly want. In addition to the spray functionality (including lady shower), it also offers a wide range of other convenient features ranging from WC seat ring heating and automatic toilet lid opening through to a warm air dryer.

GEBERIT AQUACLEAN

REMOTE CONTROLS

Geberit AquaClean shower toilets can be controlled not only via the Geberit Home app, but also using a simple and user-friendly remote control. This intuitive device has all bases covered when it comes to assisting with various settings and applications related to the shower toilet.

Maintenance instructions are clearly visible, and the handy rear display is ideal for making adjustments to the appliance settings. The remote control options differ depending on the accompanying shower toilet: the model with the rear display is compatible with Geberit AquaClean Mera, Sela and Tuma Comfort, whereas the remote control for the Geberit AquaClean Alba and Tuma Classic models is more minimalistic and does not feature a display.

↑
A warning sign for maintenance instructions lights up on the front of the remote control when required.

↑
Without Display.

↑
With rear display.

HIGHLIGHTS OF THE GEBERIT WC REMOTE CONTROLS

- Simple menu navigation including a large rear display
- Maintenance instructions on the front
- Magnetic wall bracket
- Ergonomic
- Backwards compatible with a wide range of Geberit shower toilets

DIGITAL SUPPORT

MORE FLEXIBILITY FOR YOU

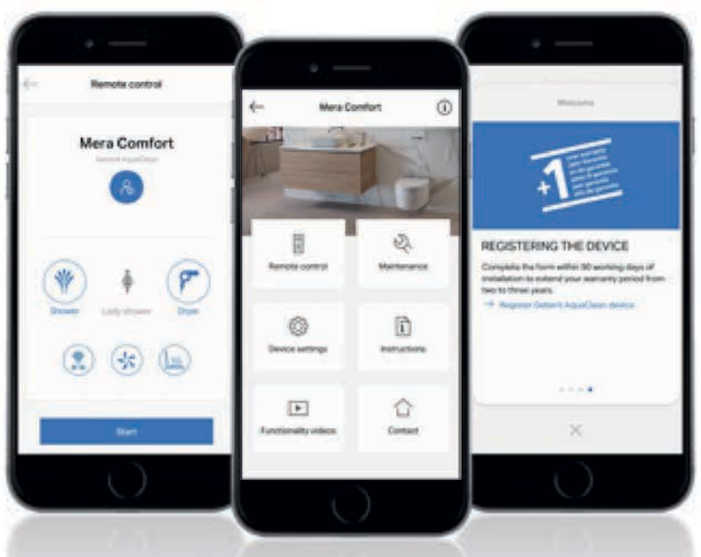
The Geberit Home app transforms any compatible smartphone into a remote control for AquaClean shower toilets. All functions can be carried out and saved via the app,and even software updates are quick and easy. The in-app video clips also provide ingenious tips and tricks for maintenance and care.

EXTENDED WARRANTY

Geberit offers a two-year end user warranty as standard from the time of installation. Provided the product has been installed and registered by an installation company, Geberit will extend the warranty period by one year. All you have to do is register the model you have purchased at **www.geberit.co.uk/service-support/product-warranty/** or send the supplied warranty card to Geberit within 90 working days of the installation date.

HOME COMFORTS

If you have any problems with your AquaClean shower toilet, you can now get in contact with our Technical Team via the Home App, who can access your toilet remotely. All you have to do is provide the access code on your screen. In most cases any issues can be solved or identified in this way and an engineer is only called out when necessary.



↑
Smartphones are not just for operating the AquaClean shower toilets either – they can also be used to register devices in no time.

EXCEPTIONAL SERVICE, NEAR OR FAR

HYGIENE MADE EASY

THANKS TO INTELLIGENT TECHNOLOGY

Hygiene and cleanliness are the top priorities in the development of AquaClean shower toilets. This is also reflected in the use of scratchproof KeraTect®, which provides years of protection for the ceramic surfaces and allows them to be cleaned efficiently.

Even the nozzles are easy to clean, replace and renew.

← Automatic descaling programme

← Remove the WC seat and lid in a single easy step

← Pre flush and post flush of the spray arm with every shower procedure

RIMLESS CERAMIC PAN WITH TURBOFLUSH TECHNOLOGY

With its globally unparalleled flushing-out performance, the TurboFlush technology flushes more cleanly, more economically, and much more quietly than a normal flush. The innovative technology also cuts down significantly on cleaning effort and means the traditional toilet brush is no longer required after using the toilet.

SIMPLE REMOVAL OF TOILET SEAT AND LID

The QuickRelease function allows the WC seat and lid to be removed effortlessly in a single step to make cleaning quick and easy. The fastenings also remain free of deposits.

DESCALING

A specially developed descaling programme removes deposits from all water-bearing parts making descaling easy. The remote control and the control panel both show when descaling is required.

CONSISTENTLY CLEAN

The automatic pre- and post-cleaning process ensures that the spray arm itself is really clean. The spray arm is automatically rinsed with fresh water before and after each use and the spray nozzle is also rinsed clean with water in its park position.

RIMFREE CERAMIC PAN

The Rimfree ceramic pan makes ensures perfect hygiene. Thanks to its optimised water guide, the entire inner ceramic surface is completely rinsed for much easier cleaning. And since it is rimless, there are no hidden areas where deposits can build up.

www.geberit.co.uk/aquaclean-hygiene

Quick installation: the components in front of and behind the wall complement each other perfectly.
↓

FOR LASTING PRODUCT SATISFACTION

Enjoy long-term warranties and spare parts availability from Geberit:

10 **YEAR SPARE PARTS AVAILABILITY**

Spare parts for AquaClean shower toilets are available from Geberit for 10 years. For concealed cisterns, they're available for 50.

+1 **YEAR WARRANTY**

2 years as standard. 1 additional year after registration.

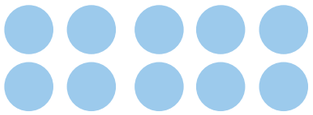
THE GEBERIT WC SYSTEM

SEAMLESSLY INTEGRATED INSTALLATION

Geberit's entire range of products for the WC area is designed to fit together perfectly, from the shower toilet and actuator plate in front of the wall to the cistern and fastening behind the wall. Sanitary professionals can effortlessly combine all the necessary components and have the shower toilet installed in no time. All that's required for a shower toilet is a water supply and an electrical connection. Installing a shower toilet doesn't take much longer than installing a conventional toilet.

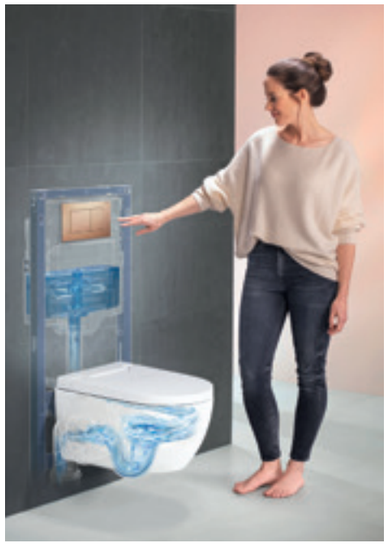
↑
QUIET FLOW RATE
The specially optimised water guide in the WC ceramic appliance significantly reduces flushing noises. That's great news for you, anyone you live with, and even your neighbours.

Required flush performance according to the DIN EN 997:2018 standard



Geberit WC with TurboFlush: up to 10 times better than the standard

→
OUTSTANDING FLUSH PERFORMANCE
Powerful, quiet and thorough: in addition to the unique shower spray, Geberit shower toilets also feature innovative flush technology. The asymmetrical inner geometry of the toilet ensures a flush performance that is 10 times better than the standard requirements.



MODERNISING THE BATHROOM WITH GEBERIT MONOLITH

A QUICK AND EASY **SPA EXPERIENCE**

Where an exposed cistern is already present or when time, budget or basic structural considerations do not permit invisible integration of the cistern behind the wall, the Geberit Monolith offers a stylish alternative.

An extra-slim cistern and the required sanitary technology are housed beneath an elegant surface. The Monolith is constructed in such a way that it can be mounted and connected to the existing water supply lines and discharge pipes quickly and easily. In an ideal scenario, the mains connection required for the Monolith Plus will have already been factored in during the installation to ensure a power line is available near the toilet.

The elegant front of the Geberit Monolith Plus also conceals a solution for water hygiene in the form of the interval flush. Programmed via the Geberit Home app, it reliably flushes the water pipes and the sanitary module at individually adjustable intervals to prevent any germ formation in the stagnant water.

GEBERIT AQUACLEAN
AND THE ENVIRONMENT

4 GOOD REASONS **FOR A SHOWER TOILET**

1. BETTER HYGIENE, MINIMAL ADDITIONAL WATER CONSUMPTION
Cleaning with water is cleaner and more gentle than cleaning with toilet paper. The advantages of a shower toilet come with only a minimal increase in water consumption. The integrated shower function uses just 0.5 to 1 litre of water per use. Over the course of a year, this results in an increase of water consumption of only around 2 to 3% compared to a conventional toilet - while providing significantly more comfort and hygiene.

2. LESS OR NO TOILET PAPER
On average, a household of four people uses around 15 kilograms of toilet paper per year with a conventional toilet. The production of toilet paper is resource-intensive, requiring a lot of wood, water, and energy. A resource-friendly alternative to cleaning with paper is the shower toilet, which gently cleans with water. When paper is used only for drying, toilet paper consumption is reduced by about 40% compared to a conventional toilet.

3. MODERATE POWER CONSUMPTION
Power consumption varies depending on the number of people in the household, the model, and individual settings. For example, all Geberit AquaClean shower toilet models consume less than 0.5 watts in standby mode (energy-saving mode). This is similar to the standby mode of a television.

4. HIGH-QUALITY, DURABLE, MADE IN EUROPE
The high-quality ceramic toilet units are produced in Geberit's European factories, while the technical units of all models are assembled at the Swiss headquarters. A combination of the choice of durable materials and precise manufacturing forms the basis for lasting product quality. Additionally, the availability of replacement parts for up to ten years contributes to the long lifespan of the product.

These figures are based on a 4-person household, accounting for 1 number two and 4 number ones per person per day.

All AquaClean shower toilet models feature an economy mode.

UNPARALLELED CUSTOMER SATISFACTION

GEBERIT AQUACLEAN – THE ORIGINAL CROWD-PLEASER

We have made over a million customers happy with our shower toilets to date – and we plan to keep that trend going. Every day, we research and develop new concepts with your comfort in mind, and it's really paying off: 80% of our customers are completely satisfied with Geberit AquaClean and would recommend it any time.

Komal Passi, West Yorkshire

"The Sela toilet has been a particular hit with our 11 year old son. Now he loves using the toilet in the en-suite and I can be confident that he's always clean between showers!"

Michael Leigh, Blackpool

"When you use it, there is nothing else like it - you feel clean and fresh, and using water to clean feels so much nicer on your skin that toilet paper."

Fulvia Schiff-Gent, Manchester

"After suffering with Carpal Tunnel and noticing the mobility in my hands decreasing, I've realised it is easy to take everyday tasks for granted. However, since we had our Geberit AquaClean installed a couple of months ago it has been a revelation for both my husband and I."

John Flint, Stockport

"We'd never really considered having a shower toilet before, but now we've had it for a few months, it's wonderful and we've had no problem at all. Should we ever choose to move house in the future, we will take the AquaClean with us!"

FIRST-CLASS CUSTOMER SERVICE

ALWAYS **THERE FOR YOU**

With our experienced, efficient customer service team, we ensure that the feel-good feeling doesn't just stop once you have made your purchase. A considerable number of service cases are straightforward enough to be resolved over the phone, but if an on-site visit is essential, our reliable service technicians can be there in no time throughout the country. Our outstanding survey results motivate us to keep impressing our customers with exceptional performance in terms of quality, advice and service.

THE GEBERIT AQUACLEAN ALL-ROUND SERVICE PROMISE

TRUST IN PREMIUM QUALITY

When you buy a shower toilet, you want a perfectly equipped product. You also want to be able to count on a complete service package. This is why Geberit offers a comprehensive service promise designed to offer all-round support.

OUR SERVICES MAKE YOUR PURCHASE DECISION EASIER

YOUR NEEDS – OUR SERVICE

Ask your local retail showroom anything: they know everything there is to know about Geberit shower toilets and will help you find the right model for your needs.

Further information is available on our website or in our brochures. We will be happy to answer your questions.

Try a product for yourself and experience the feeling of maximum freshness: your showroom consultant knows exactly where you can test out an AquaClean. Tip: Many hotels also rely on shower toilets from Geberit.

OUR SERVICES FOR QUICK INSTALLATION IN YOUR HOME

QUICK & CLEAN INSTALLATION

Rarely has a conversion ever looked so clean: clever solutions ensure that your sanitary professional can carry out their work quickly and cleanly so that your bathroom is ready to use again in just a few hours.

The controls for all Geberit shower toilets are entirely self-explanatory, allowing you to get started immediately after installation.

OUR AFTER-SALES SERVICES OFFER COMPLETE PEACE OF MIND

RELIABLE OPERATION

The easy-to-clean design and material contribute to a well-maintained shower toilet at all times.

Our helpful videos are designed to support you with step-by-step instructions for cleaning, care and maintenance of your shower toilet.

Contact us by phone, email or via chatbot – whatever works best for you.

Troubleshoot the device from the comfort of your own home thanks to our unique remote maintenance service. With your consent, the Geberit Technical Department can access your shower toilet to rectify potential faults.

You can order consumables such as cleaning agents and replacement nozzles online and get them delivered to your home within just a few days.

GEBERIT AQUACLEAN: BRAND QUALITY IS ALWAYS WELL RECEIVED

Established brands provide all the reassurance you are looking for when deciding to buy a high-quality product.

After recognising this need for more hygiene and cleanliness early on, Geberit launched the first WC with spray functionality as early as 1978. Over the last four decades, Geberit has been consistently working on the further development of technology and the entire shower toilet experience.

With an above-average warranty period of at least 2 years and 10-year spare parts availability, you can feel safe in the knowledge that your chosen product will bring you long-term satisfaction.
