Details

- Material:
 - SloanStone Solid Surface
- Enclosure Type: Plastic
- Width: 50" (1270mm)

Features

Double Station Lavatory System with the following features:

- 11¼" chrome plated brass drains with grid strainers
- All ADA and TAS lavatory standards achieved in a single design
- Aesthetically pleasing soft contoured one-piece continuous Basin
- Includes Below Deck Mechanical Mixing Valve (MIX-60-A), one per station
- Faucet (ordered separately) can be specified with a Below Deck Thermostatic Mixing Valve (-BDT variation), or the Thermostatic Mixing Valve (MIX-135-A) ordered separately, if needed

SloanStone sinks are a one-piece molded design with a slight angle outward at the side aprons to facilitate the fabrication process thus the overall length of the sink measured along the bottom edge may be up to ½" greater than noted length. SloanStone sinks are commonly available in one to four station lengths (most models) and cannot be seamed together to create a longer sink layout.

Please note that scratches on dark, high gloss finishes may be noticeable and require periodic refinishing to maintain the glossy appearance. Take care placing and sliding objects that may scratch the surface.

Colors

Recommended specifications

SloanStone Series Sink model no. ELS 6X000 Lavatory Style Sink. Product to be molded using SloanStone solid surface. Sink design to be ADA compliant and IAPMO certified.

Suggested Faucets
