Features

- This soap is a uncolored and unscented foam soap. It comes in a 2,300 ml bottle that includes a new black straw that is inserted into the soap dispenser.
- This soap is used on the ESD-410, ESD-420, ESD-500, ESD-600, ESD-700, ESD-800, ESD-1500, ESD-2000 and ESD-2100 Sloan Soap Dispensers.
- This soap is also used in the combo units associated with each of those dispensers
- Each soap dispenser ships with 2 bottles of the 1,500 ml soap but can accommodate this 2,300ml soap refill if preferred and space allows.
- Each use is 1 ml, in turn an estimated 2,300 uses per bottle before refill is needed
- Additional foam soap can be purchased through Sloan (ESD-322) or GOJO distribution (8545-04-N6300GN)
- These bottles cannot be refilled after use. They must be recycled and a new bottle inserted into the dispenser. If they are refilled with a different soap it will void the warranty on the soap dispenser.
