 - SloanStone Solid Surface
- Enclosure Type: Stainless Solid
- Mounting: Wall-Mounted
- Width: 50" (1270mm)

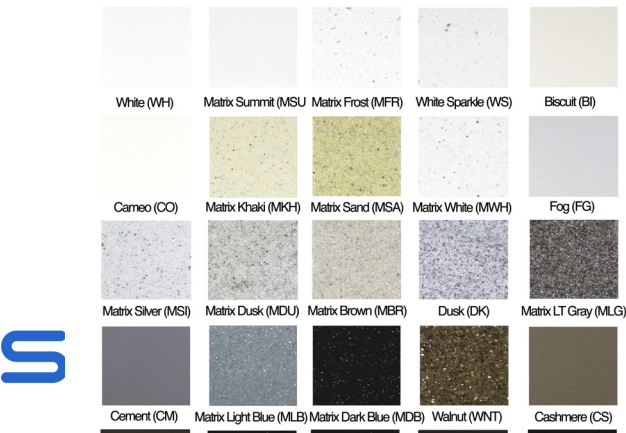

Features

Double Station Lavatory System with Sloan Electronic Sensor Technology with the following features:

- Sink has Easy Access integrated head for ease of maintenance and installation. The Easy Access integrated head houses the solenoids, shut-off valves, IR Sensor, electronic modules and be pre-plumbed as well as be accessible from the top of the sink.
- Sloan Optima Electronic Sensors for hands free point of use activation
- Optional top filled gravity fed manual Soap Dispensers
- ADA and TAS lavatory Rim Height Standards achieved in a single design
- Aesthetically pleasing soft contoured one-piece continuous Basin
- Basin and Integrated Head constructed of durable SloanStone solid surface material

Performance Series sinks are a one-piece molded design with a slight angle outward at the side aprons to facilitate the fabrication process thus the overall length of the sink measured along the bottom edge may be up to ½" greater than noted length. Performance Series sinks are commonly available in one to four station lengths (most models) and cannot be seamed together to create a longer sink layout. Please note that scratches on dark, high gloss finishes may be noticeable and require periodic refinishing to maintain the glossy appearance. Take care placing and sliding objects that may scratch the surface.

Colors

Recommended specifications

SloanStone Series Sink model no. EW 7X000 Washstation Style Sink. Product to be molded using SloanStone solid surface with all electronics housed in the head of the sink. Sloan integrated automated sensor faucets. Sink design to be ADA compliant and IAPMO certified. Supplied with solid surface enclosure.
