DESCRIPTION

Vitreous China Retrofit Hybrid Urinal

FEATURES

- Jetrinse Solution Technology automatically cleans the housing and drain every 72 hours
- Virtually eliminates odor and drainline sediment formation that creates clogs
- Earns maximum LEED credits and minimal water and sewage costs
- Up to 5 times cleaner than conventional flushing urinals
- Maximizes cartridge life by eliminating premature changes
- Innovative gooseneck adapter allows fast and easy retrofitting of flushing urinals by using the existing control stop for Jetrinse supply
- IAPMO certified to applicable requirements, ASME A112.19.2, A112.19.19 & A112.1.3
- Meets ADA guidelines and ANSI A17.1 requirements when installed accordingly
