Features

Warranty

[View Warranty Information](#)

- High Impact, Stain resistant, Molded Ridged Vinyl Material
- .125 (3.2 mm) Nominal Wall Thickness
- 69 - Shore A Durometer

Notes

- UL-94 V-O Flammability Rating
- Color White - Paintable with acrylic enamel
- ADA conforming design protects wheelchair users from scalding and sharp surfaces. There are no exposed lavatory plumbing, electrical and mechanical components.
- One-Size-Fits-All configuration is easy to stock and install. May be used in virtually any new construction or retrofit 20 x 18 inches ADA conforming wall hung lavatory application. No assembly required; installation takes minutes using the fasteners supplied.
- Total Enclosure design protects lavatory components from tampering. All piping, electronic faucet connections and mixing valves are completely concealed within this heavy-duty enclosure.
