- Lavatory System is shipped pre-plumbed with Sloan Electronic Controls for easy installation
- Optional drain shroud ordered separately: 3851260

Performance Series sinks are a one-piece molded design with a slight angle outward at the side aprons to facilitate the fabrication process thus the overall length of the sink measured along the bottom edge may be up to ½" greater than noted length. Performance Series sinks are commonly available in one to four station lengths (most models) and cannot be seamed together to create a longer sink layout. Please note that scratches on dark, high gloss finishes may be noticeable and require periodic refinishing to maintain the glossy appearance. Take care placing and sliding objects that may scratch the surface.

Colors

Recommended specifications

SloanStone Series Sink model no. ELS 4X000 Lavatory Style Sink. Product to be molded using SloanStone solid surface. Sink design to be ADA compliant and IAPMO certified.
