Details

- Material:
 - SloanStone Solid Surface
- Mounting: Wall-Mounted
- Width: 120" (3048mm)
- Height: 4.75" (121mm)

Features

Four Station Lavatory System with the following features:

- Built in air dam technology that eliminates backsplash and updrafts
- A monolithic console available in SloanStone Solid Surface
- Rounded corners and inner edges for easier cleanability
- Available with angled stainless steel enclosure
- Comes with deck mounted BASYS dryer
- ADA compliant design and IAPMO certification for commercial load and drain requirements
- Faucet and Soap Dispenser sold separately

Performance Series sinks are a one-piece molded design with a slight angle outward at the side aprons to facilitate the fabrication process thus the overall length of the sink measured along the bottom edge may be up to ½" greater than noted length. Performance Series sinks are commonly available in one to four station lengths (most models) and cannot be seamed together to create a longer sink layout. Please note that scratches on dark, high gloss finishes may be noticeable and require periodic refinishing to maintain the glossy appearance. Take care placing and sliding objects that may scratch the surface.
