

Squares & Rulers

Combination Square

A robust and precision engineered square with metric and imperial scales. Features 45° and 90° angles with a built in level vial and scribe. Predominantly used in woodworking, metalworking and stone masonry.

**5 in 1**  
Try & Mitre Square,  
Depth & Height  
Gauge, Spirit Level

- Maximum accuracy
- Built-in scribe
- Standard head for marking 45° & 90° angles
- Precision milled mechanism for smooth operation
- Etched & indented scales for durability
- Stainless steel blade & zinc alloy body

| Product Code | Size (mm) | Accuracy (mm) | Pack Qty (pcs) | Carton Qty (packs) |

Try Square

A robust and lightweight aluminium try square with metric and imperial scales. An essential tool for woodworking, featuring a precision engineered 90° angle for accuracy. Silver anodised for corrosion resistance and scratch protection with laser engraving easy legibility.

- Solid aluminium
- Maximum accuracy
- Etched scales for durability
- Metric & imperial scales

Triangular Scale Ruler

A professional scale ruler made from lightweight, super strong aluminium. The 6 scales allow for easy conversion of drawings and measurements. Ideal for engineers, architects or draftsmen.

- Laser etched
- Chamfered edges
- Solid aluminium

| 863468       | 12          | 300       | ±0.15         | 1              | 20<br>TME03        |

Steel Ruler & Fixings Gauge and Ruler

A highly accurate steel ruler, suitable for a variety of tasks. Featuring a stainless steel blade with class 2 metric and imperial measurement scales. A multi-purpose stainless steel ruler and fixing measurement gauge. Designed specifically to identify the length, gauge and head size of metric and imperial fasteners.

- Stainless steel
- Etched scales for durability
- Metric & imperial scales

| Product Code | Size (inch) | Size (mm) | Accuracy (mm) | Pack Qty (pcs) | Carton Qty (packs) |
|--------------|-------------|-----------|---------------|----------------|--------------------|
| WALLET       |             |           |               |                |                    |
| 863741       | 12          | 300       | ±0.15         | 1              | 10                 |
| 863123       | 24          | 600       | ±0.20         | 1              | 10                 |
| 863456       | 40          | 1000      | ±0.20         | 1              | 10                 |

Framing & Carpenter's Square

A long armed solid steel measuring square, manufactured for precise imperial measurements. Suitable for various carpentry applications including cabinetry and laying out hips, rafters and staircases.

- Solid steel blade
- Precision engineered
- Metric & imperial scales

| Product Code | Size (inch) | Accuracy (mm) | Pack Qty (pcs) | Carton Qty (packs) |
|--------------|-------------|---------------|----------------|--------------------|
| EACH         |             |               |                |                    |
| 863789       | 16 x 24     | ±0.25         | 1              | 6<br>TME05         |

Rafter Square

A lightweight and precise triangular square. This multi-purpose square combines the functions of a try square, combination square and framing square in one. Featuring a 0° to 90° protractor scale for use as a saw guide with embedded degree markings for easy legibility.

- 3 in 1 – combination square, try square & protractor
- Maximum accuracy
- Durable etched scales for ease of visibility
- Calculate angles of roof frames quickly & easily
- Built-in notches for scribing
- Robust aluminium frame

| Product Code | Size (mm) | Accuracy (mm) | Pack Qty (pcs) | Carton Qty (packs) |
