

# Technical Data Sheet

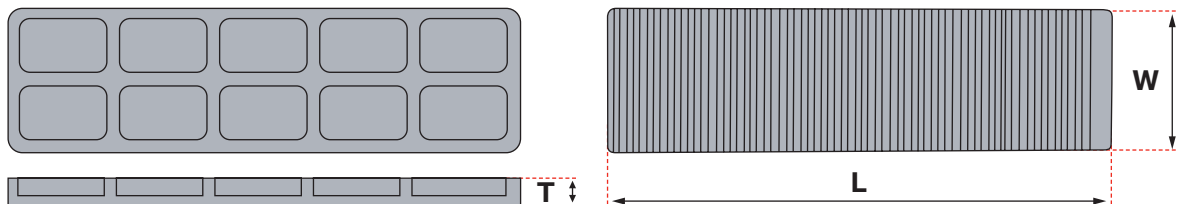

Ref: TDS-06-SHI-02

## Building Hardware Spacers - Packers

### Features

- A solution for multiple applications. Used to ensure correct weight distribution of glazed units and increase security around fixing points during frame fitting.
- Polypropylene material.
- Waterproof resistant to weather changes.
- Strong and durable.
- Available in a variety of different packaging types, please see our website or brochure for more details.
- \*Sizes 28 x 100 can be used in conjunction with FAS750G fire door foam. Please refer to FAS750G field of application report for additional information.

### Dimensional Data

| Colour | Size (W x L)<br>(mm) | Thickness (T)<br>(mm) |
|--------|----------------------|-----------------------|
| Green  | 24 x 100             | 1.0                   |
| Black  | 24 x 100             | 2.0                   |
| White  | 24 x 100             | 3.0                   |
| Grey   | 24 x 100             | 4.0                   |
| Blue   | 24 x 100             | 5.0                   |
| Red    | 24 x 100             | 6.0                   |
| Green  | *28 x 100            | 1.0                   |
| Black  | *28 x 100            | 2.0                   |
| White  | *28 x 100            | 3.0                   |
| Grey   | *28 x 100            | 4.0                   |
| Blue   | *28 x 100            | 5.0                   |
| Red    | *28 x 100            | 6.0                   |
