Fasteners & Fixings

Nylon Nut - Type P - DIN982 - Zinc

Features

- Type P hexagonal nylon nut with a metric thread and is deeper than a Type T.
- Also known as locking nuts designed to prevent the nut from working loose.
- Used for all bolting and fastening applications.
- Plated in Trivalent Chromium (Cr3) Zinc.
- Conforms to DIN982.
- Available in a variety of pack types.

Dimensional Data

Product Code Boxed/ Bulk	Size (mm) (S)	Height (mm) (H)	Socket Size (mm) (A/F)	Thread Pitch (mm)
NP6Z	M6	8.0	10	1.00
NP8Z	M8	9.5	13	1.25
NP10Z	M10	11.5	17	1.50
NP12Z	M12	14.0	19	1.75
NP16Z	M16	18.0	24	2.00
NP6ZBULK	M6	8.0	10	1.00
NP8ZBULK	M8	9.5	13	1.25

All stated figures (mm) are approx and for reference only.
