

Face Masks & Replacement Filters

Force® 8 Half Face Mask & Filters

Durable half-face mask offering a comfortable and effective fit for users. Compatible with all Force 8 PressToCheck™ filters ensuring all levels of respiratory hazards are covered for any application.

- Durable thermoplastic rubber mask for superior fit to most face shapes
- 4-Point cradle suspension
- Reflective strips create increased visibility
- Low resistance Typhoon™ Exhalation Valve for easy breathing, with stable mask configuration
- Filter Efficiency 99.97%
- Supplied with Force®8 PressToCheck™ Filters

Conforms to EN 143 (Half Mask), EN 143 & EN 14387 (Filters)

SpringFit™ FFP2 Fold Flat Mask

Fold flat, disposable mask achieves an unrivalled secure fit with the use of a unique endoskeleton structure to maximise fit, comfort, compatibility and performance.

- Good protection from solids and liquid dust particles
- Endoskeleton structure guaranteed to keep its shape
- Integrated Spring absorbs facial movement ensuring a good lift and seal
- Typhoon™ Valve reduces breathing resistance, heat and moisture build-up
- Filter efficiency of 94%

Conforms to EN 149

SpringFit™ FFP3 Fold Flat Mask - Carbon Layer

Fold flat, disposable mask achieves an unrivalled secure fit with the use of a unique endoskeleton structure to maximise fit, comfort, compatibility and performance.

- Greater protection from extreme hazards such as acidic vapours and gases
- Endoskeleton structure guaranteed to keep its shape
- Integrated Spring absorbs facial movement ensuring a good lift and seal
- Nuisance carbon layer providing effective relief from nuisance odours
- Typhoon™ Valve reduces breathing resistance, heat and moisture build-up
- Filter efficiency of 99%

Conforms to EN 149
