

Mountable High Pressure Water Steel Hose Reel

Features

- Heavy duty steel construction
- Corrosion-resistant powder coating
- Robust reinforced base construction
- Four-direction non-snag rollers
- Multi-position ratchet lock
- Spring fully enclosed and lubricated
- Full flow swivel prevents leakage
- Nine position guide arm adjustment

Benefits

- Long lasting
- Used in most environments
- Stable support
- Reduces hose wear
- Easy tension adjustment
- Low maintenance
- Versatile usage
- Permits wall, ceiling or floor mount

High Pressure Water Hose Reel	
SWHR-30-38	
Hose material	SAE 100R2AT
Hose working length	30m
Hose internal bore	3/8"
Inlet	M22 x 1.5 female
Outlet	M22 x 1.5 female
Maximum working pressure	270 bar (3,915 psi)
Working temperature	-2w0°C to +155°C
