

Product Data

RUS-1612 - X1 CHAIN & DRIVE SPRAY

Description

1612 X1 eXcellent Chain & Drive spray is a high quality spray with effective anti-fling properties for lubricating gears and chains, it reduces friction and helps prevent wear on chains and open gears which are liable to heavy load.

X1 eXcellent Chain & Drive spray is reinforced with BoroTecX™. It provides eXcellent performance. BoroTecX™ withstands extreme loads and temperatures and has an ultra low coefficient of friction.

Main Properties

Excellent lubrication and penetrating properties - extreme pressure additives give long term protection and reduce wear under extreme loads - good adhesion - anticorrosive and water repellent - resists detergent washing - H1 compliant for incidental food contact.

Recommended uses

Lubricating open chains and chain driven transmission. Fork lift truck chains, open gears on conveyors and bike chains and gears.

Technical Data

Appearance: Transparent

Colour: Transparent

Operating Temperature: -35°C to 180°C

Surface Preparation

Ensure electrical equipment is isolated and check surfaces for compatibility prior to application. Clean and remove old lubricant from components prior to application.

Direction For Use

Shake aerosol before use. Spray a light film onto surface from 20 to 30 cm. Do not over apply.

Application Conditions

Apply at temperatures between 5° and 35°C.

Safety

Consult Safety Data Sheet and Safety Information printed on the can.

Shelf life / Storage Conditions

3 years from date of production in unopened cans, if stored in dry, well ventilated areas, not in direct sunlight at temperatures between 5° and 35°C.
