

Quick Release Hose Clamps

Quick Release Hose Clamps

Quick release style worm drive clamps are indispensable for installation in closed systems where the clamp must be disengaged to be applied. The swivel-action locking of screw to band makes both installation and removal fast and easy.

This is a first class answer to the ducting industry and is a most flexible clip. It quite happily wraps around awkward bundles and because of the range availability is a valuable cover-all clip to keep in maintenance departments.

Quick Release					
PART NUMBER	Size (mm)		Size (inch)		BOX QTY
	MIN	MAX	MIN	MAX	
G76028	25	57	1	2.1/4	10
