Flame Resistant Stitching

Flame Resistant Upper

Flame Resistant Veltro

## INDUSTRIES

Foundry

## Product Details

Colour: Black  
 Size Range: UK 5-14  
 Height: 12 inches  
 Weight: 1093g

## PRODUCT DESCRIPTION

RF7000 Vulcan Unrivalled heat resistance up to 1400°C. Premium flame-retardant leather, fibreglass safety toe, and Activ-Step® penetration-resistant midsole ensure supreme protection. FORCE10® nitrile rubber outsole delivers exceptional grip and durability. Engineered for rapid removal in emergencies. Ultimate safety for demanding foundry environments.

## MATERIAL BREAKDOWN

**UPPER MATERIAL:** Flame Retardant Suede, Leather Working Group Certified, Water Repellent Flame Retardant Full Grain Leather

**FOOTBED:** Activ-Step® PU Foam, 100% Post Consumer Recycled Polyester Top Mesh

**LINING:** 100% Polyester Mesh

**OUTSOLE:** Nitrile Rubber

**PROTECTIVE TOECAP:** Fibreglass

**PROTECTIVE MIDSOLE:** Activ-Step® PS Rated Penetration Resistant Insert

**PROTECTIVE METATARSAL GUARD:** Impact Shield™ - PU Foam & Rubber

### EN 2022 SPECIFICATION

Safety footwear is classified in the UK and EU by the EN 20345 standard using a categorisation of S1 through to S7 to quickly determine the level of incorporated safety components. This is further supported by letter codes for additional safety components or tests the footwear has undergone.

For further information contact the Rock Fall sales team.

Always check with your health and safety management if you are unsure of the appropriate specification required by your workplace.

**Class 1** refers to footwear made from leather & other materials, excluding all polymeric and all rubber footwear  
**Class 2** Refers to all polymeric footwear including all rubber footwear.

**S3, S5, S7** Specify metallic midsole tested at 1100N.

**S3L, S5L, S7L** specify non-metal midsole tested at 1100N with a 4.5mm nail.

**S3S, S5S, S7S** specify non-metal midsole tested at 1100N with a 3mm nail.

Please note that the EN20345:2022 specification does not necessarily apply to the footwear represented here, and that there are further specifications attaining to specific safety tests and standards. Always check specification and standards of the footwear before purchase. For more information on specifications and standards, get in touch with our team for complete guide.

## WELLBEING & COMFORT

When you spend your working day on your feet, discomfort and incorrect footwear can cause serious long-term issues. That's why our footwear is designed to support your feet where they need it most, and we have a wide variety of styles to fit every kind of foot. Make sure your footwear is providing the correct arch support, and that your footwear is the correct size for your feet.

## FOOTWEAR CARE

Keeping your safety footwear in a good condition helps keep them comfortable and extend their useful life. Always make sure to keep the upper and sole clear of extensive mud or residue, using a brush and warm water to clean. Never dry out footwear using heat (such as placing them near a radiator) always allow them to dry naturally. Use a leather nourishment or dubbin wax to keep leather materials from drying out.
